RE: FOIA Request

Dear Sir or Madam:

Pursuant to the Freedom of Information Act, 5 U.S.C. §§ 552, et seq., the National Treasury Employees Union (NTEU) requests that the Department of the Energy provide it with a list of all current positions (with series numbers) in the bargaining unit represented by NTEU whose position sensitivity is nonsensitive or low risk.]

By this request, NTEU is seeking to identify all positions in the bargaining unit whose incumbents (or appointees or applicants for that position) have to complete the SF 85 as part of their background investigation. The list should simply contain the title of each bargaining unit position (and series number) that is nonsensitive/low risk. If the sensitivity designation varies depending on the grade in the position, please indicate the grades that are nonsensitive/low risk.

Disclosure of this information is in the public interest because it will assist NTEU in advising and educating its members on the type of background investigation that is appropriate for each agency position, as well as the appropriate scope of that investigation.

NTEU is a Category III requester, and is therefore entitled to a waiver of fees for the first two hours of research and the first 100 pages of documentation. NTEU agrees to pay any additional fees. If the additional fees are estimated to exceed \$100, please contact Barbara Sheehy, Assistant Counsel, at 202-572-5585, regarding the estimated cost of responding to this request.

If you deny all or part of this request, please cite to the specific exemptions that you believe justify your refusal to release the information and notify me of the appeal procedures available under the law. If a portion of the response must be redacted or is withheld pursuant to a claimed exemption, please furnish other portions of the responsive documents. The agency is required by law to respond to this request within 20 working days.

Please contact Barbara Sheehy at the above number or via e-mail at Barbara.Sheehy@nteu.org if you have any questions regarding this request.

Sincerely,

Colleen M. Kelley
National President

Re: Freedom of Information Act Request

Dear FOIA Officer,

Pursuant to the Freedom of Information Act (FOIA) 5 U.S.C. § 552, we would appreciate your providing us with the documents described below. Unfortunately we have been unsuccessful to date in obtaining this information through normal channels and so must pursue our access through FOIA. We understand that we can now anticipate receiving these documents or your response within 20 days from receipt of this request.

We would like the following information regarding incumbent contract for RFP# DE-FB01-05ME66932 for Custodial Services at the DDE Forrestal Complex, Washington, DC-Reference 2005.

1. Current Contract Period Service Contract Act, Price Adjustment modification and accompanying Section B (price schedule), Schedule of Deductions (if applicable) and Wage Determination that was used for the basis of the request for adjustment
2. Previous Contract Period Service Contract Act, Price Adjustment modification and accompanying Section B (price schedule), Schedule of Deductions (if applicable) and Wage Determination that was used for the basis of the request for adjustment
3. Seniority list of employees
4. Copy last three monthly invoices from the incumbent contractor

If you feel you must deny all or any part of this request, please advise us of the specific exemption which is the basis of your refusal to release the information. Also, please let us know any appeal procedures in your agency that are available to us.

We agree to pay reasonable fees associated with this request; however, if costs will exceed \$100.00, please advise me before incurring them on our behalf. Please also include a copy of this FOIA request with your response.

Washington DC 20585

Date of request 2-28-08

APR 02 2008 03

Dear Sir/MS,

This is a non-commercial request pursuant to the Freedom of Information Act, 5 U.S.C. § 552a, for all published material which makes reference to ethanol, methanol, methanol, or cellulosic ethanol (Production and Research) [i.e. Publications dated 1999 through Present Date.]

I will expect a legal justification for any deletion or excision of any requested materials. I will pay reasonable copying fees for this request. This request should be processed pursuant to the Act's provision § 552a(f)(5), which provides no fees shall be charged for locating and retrieving records.

This information sought is in part, attorney work product, and will be utilized in a legal proceeding where I am a pro se litigant. Therefore institutional rules at this Penitentiary require that any confidential or attorney client correspondence "must" be clearly marked on the outside of the envelope. Please endorse envelope LEGAL CORRESPONDENCE - TO BE OPENED IN THE PRESENCE OF ADDRESSEE. This should be sufficient to protect my work product.

Thank you for your most valuable time and attention to this request. As provided by the Act a response is required within (10) working days of receipt.

FOIA REQUEST

Dear FOIA Officer:

On behalf of Public Citizen, and pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I request copies of records mentioning the individuals and businesses listed at the end of this letter.

These records should include, but not be limited to, paper correspondence (with attachments), e-mail messages (with attachments), phone logs and calendars.

These records may include electronic as well as paper records. If responsive records are available in both electronic and paper formats, I would prefer them to be provided in electronic format, such as on a disk.

Each of the individuals in this FOIA request was reported by his or her employer as having lobbied the U.S. Department of Energy since 2004 in filings submitted to the Secretary of the Senate and Clerk of the House pursuant to the Lobbying Disclosure Act of 1995. Each of the businesses in this FOIA request reported to the Secretary of the Senate and Clerk of the House that its agents have lobbied the U.S. Department of Energy since 2004.

I request a waiver of fees for fulfillment of this request on the basis of FOIA's provision that fees shall be waived or reduced if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester. (5 U.S.C. § 552(a)(4)(A)(iii))

This request satisfies the fee waiver criteria in the following ways:

FOIA-2008-000226

Joan

Public Citizen FOIA Request
March 31, 2008
Page 2

1. The content yielded by this FOIA request is likely to contribute significantly to the public's understanding of your agency's operations. Businesses and other entities have spent at least \$2.1 billion lobbying the federal government in each year since 2004 (including at least \$2.6 billion in 2007), but few details are available about the interactions between lobbyists and the government to explain these large expenditures. This FOIA request seeks information that will provide far greater insight into lobbyists' activities before your agency than is available in lobbying disclosure reports. Little if any of the information I seek will find its way into the public domain until this FOIA request is fulfilled.
2. Public Citizen has a long record of disseminating information to the public. Public Citizen is the foremost expert in – and chief disseminator of information about – the major fundraisers (often called bundlers) for the 2008 presidential candidates. Our work on these fundraisers has been cited in news stories and editorials published or broadcast by Bloomberg News, Business Week, CBS News, the Christian Science Monitor, CNN, Congressional Quarterly, Fox Business News, the National Journal, NBC News, NPR, the Wall Street Journal, and the Washington Post, among numerous other media outlets. The information we maintain is presented on the Web site www.whitehouseforsale.org and is published in our newsletter, which has a circulation of more than 60,000.
3. The information sought by Public Citizen does not serve any commercial interest. Public Citizen is a national, nonprofit organization. Almost all of our funding comes from individual donations and foundation grants. Information from our request will be made freely available to the public.

For the foregoing reasons, I request that you waive all fees associated with this request. However, if your agency determines that I should be charged for any part of this request, please contact me before any searches reach an estimated cost of \$25.

If you refuse access to any of the requested records, I ask that you describe the materials you are withholding and state the basis for the denial for each document being withheld. In addition, please state the number of pages in each withheld document, the date of each document, and the total number of pages pertaining to this request. Please provide copies of any logs, internal tracking numbers or other file-tracking device or system of documents in existence but denied disclosure. This information will be helpful in deciding whether to appeal an adverse determination.

If part of a record is exempt from disclosure under FOIA, the law requires you to release all non-exempt portions. Please describe in detail any omitted, deleted, or redacted material and specify your reasons for believing those portions of the records are exempt from disclosure.

Additionally, I request expedited processing pursuant to 5 U.S.C. § 552(a)(6)(E)(i). The requested information concerns individuals who have registered as lobbyists and have been designated as major fundraisers by the 2008 presidential candidates. Public Citizen's Congress Watch Division is primarily engaged in disseminating such information (to the public, the press, and the government) through its reports and Web sites, including www.whitehouseforsale.org. The subject of lobbyists serving as fundraisers has been a key issue in the campaign. Indeed, two

Public Citizen FOIA Request
March 31, 2008
Page 3

of the three leading Democratic candidates (including current leader Barack Obama) have sought to distinguish themselves by eschewing campaign contributions and fundraising help from lobbyists. Lobbyists' role in the campaign of presumptive Republican nominee John McCain has been the object of continuing scrutiny by news reporters, many of whom have used our work as a basis for their investigations. The issue will almost certainly remain prominent as attention turns to the general election. The information yielded by this FOIA request will be of far greater value if obtained well before the conclusion of this year's presidential campaign.

If you have any questions about the scope of this request, please let me know as soon as possible. You may reach me at 202-454-5197 or by e-mail at tlincoln@citizen.org.

I look forward to receiving your response within 20 working days, as required by law, and will interpret any delay in your response as a denial of this request. I certify that the previous statements are true and correct to the best of my knowledge and belief, and ask for your prompt attention to this matter.

Sincerely,

Taylor Lincoln

Washington, DC 20585 M-74

APR 07 2008 01
OTHER - 2 HOURS SEARCH FREE, 100 FREE PAGES

Dear Mr. Hagerty:

I wish to institute a follow-up F.O.I. Request to D.O.E. for my father.
Please see file number F2005-00149 for his death certificate and other relevant documents.

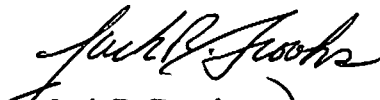

In 2005, I followed through with the contact at Oak Ridge as you suggested (see attached letter), and the only record located was his security card – no employment information was found (and they do not have records of DuPont employees, as you indicated in the attached letter).

At this time, I would like a very specific search of the files/records on ~~five~~ ^{five} companies, for the dates and companies listed on my attached letter of January 22, 2005. This was not done in your 2005 search.

My father was not an employee of these five companies, but was an inspector employed by DuPont Company. I am looking for confirmation only, that he worked at these five locations.

Thank you for your help.

Sincerely,

(Jack R. Brooks)

Washington, D.C. 20585

Re: New FOIA request

Dear Ms. Gatlin:

Energy
Pursuant to the Freedom of Information Act, the following is a request for a copy of the all bureaus and agencies of the Department of Commerce's Limited Payability Cancellation Reports for refunds and credits for the undeliverable checks for the periods from June 1, 2005 to September 30, 2006 and October 1, 2007 to February 29, 2008 eliminating any items that have been or are in the process of being reissued, if possible.

You may set filters for items over \$3,000.00. We understand from other agencies that certain fields on the report may be confidential so we restrict our request to the check number, the check date, the amount, the voucher number, the contract/invoice number, the act number, the vendor number and the payee name and address or another field required to file a claim. However, if it is simpler and more cost effective to send the entire report, we can work around the extra fields.

Please select the method of delivery. They are listed in the order of our preference.

- 1) An e-mail file attachment sent to: tnelson@nelson-brown.com.
- 2) Via a 3 1/2" floppy or CD (Digital format in any PC compatible file format is OK, Excel version 2005 or prior preferred) or paper report, which may be sent via Federal Express Priority Overnight to: 5201 SW Westgate Dr, #100, Portland, OR 97221, bill recipient #1156-9846-0.
- 3) Paper report less than thirty pages may be sent our facsimile #1-800-871-5071.

We are willing to pay fees to a maximum of \$100.00 for this information. If it is assessed that the fees will exceed this limit, kindly advise us of the estimate before proceeding. If the fees are within our maximum, forward the invoice to us via our facsimile (1-800-871-5071) and we will send you a check to release our requested materials.

Thank you for your kindness and assistance. Your attention to this matter is greatly appreciated. If additional information is required do not hesitate to call me at 1-800-456-6234 X112.

Sincerely,

Judith Nagy

By fax: (202) 586-0575

Dear Sir/Madam:

This is a request under the Freedom of Information Act.

We request a copy of the written views of the Secretary of Energy on the recommendations of the Public Interest Declassification Board relating to the declassification of classified national security information

The Secretary's views were requested by the President in a January 29, 2008 memorandum:

<http://www.whitehouse.gov/news/releases/2008/01/20080130-4.html>

If the requested document is exempt from disclosure, we request that the Department nevertheless exercise its discretion to release the document because it involves a matter of public interest.

* * *

We further request a fee waiver of search and copying costs, on the following grounds:

1) The requested document is a matter of public interest.

2) The Federation of American Scientists (FAS) is well qualified to analyze and disseminate the requested material. FAS is a sixty-three year old research organization concerned with national security policy. We have published our work in this area, and we routinely serve as a resource to the

media, to other national organizations, and to interested members of the public on national security policy matters.

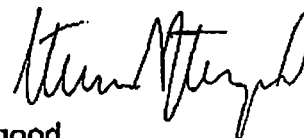

The requested material will be widely disseminated without charge on our web site.

3) No personal or commercial interests will benefit from the release of this material, which will be analyzed and disseminated at FAS' expense. We therefore request a waiver on production costs.

In the event that fee waiver is denied, I hereby agree to pay reasonable assessable fees up to \$25.

Thank you for your assistance.

FOIA REQUEST

Expedited review requested

Dear FOI Officer:

Pursuant to the federal Freedom of Information Act, 5 U.S.C. § 552, I request access to copies of any and all documents relating to or associated with the "Troy Incident" which is known to have been documented on or about 4/27/1953, as well as documents relating to or associated with the "Simon test" (part of "Operation Upshot-Knothole"), which took place on 4/25/1953 (at 12:30 GMT / 04:30 local time), at the Nevada Test Site (NTS), Area 1, and tested the TX-17/24 thermonuclear weapon design which had a yield of 43 kilotons.

As such, any and all publicly available information relating to the "Simon test", "Operation Upshot-Knothole", "Troy incident", "Albany Incident", "Albany-Troy incident" and/or other search terms or phrases that you feel are related to the DOE's records of this incident are respectfully requested. It is my belief that DOE may have received information about this situation and/or may have done a study relating to it. As such, any information on the reporting of this incident, or studies or evaluations done by your organization should be considered as part of this request.

The following incident description may assist you in your search efforts. I more detailed description is attached.

On 4/27/1953 at the Rensselaer Polytechnic Institute (RPI) in Troy, New York, Professor Herbert Clark and his students were working in a small building that served as a laboratory for radiochemistry classes. Geiger counter instrumentation in this laboratory was registering radiation levels many times in excess of what was considered normal. Further investigation indicated that other areas on the RPI campus produced similarly high readings. Professor Clark postulated that the previous evening's heavy rains had washed atmospheric radiation onto the campus. Dr. Clark then contacted John Harley, an associate at the U.S. AEC's Health and Safety office in NYC. Dr. Clark's campus measurements had shown Gamma radiation on the ground was 10 to 500 times normal,

FOIA-2008-000254

Jan

and Beta ray radiation was even higher. Additionally "hot spots" of even higher readings were found in rainspouts, gutters, and puddles.

Dr. Clark learned there had been an atomic bomb test conducted by the AEC in the Nevada desert two days earlier. The associated mushroom cloud had reached 40,000 feet into the atmosphere, and then drifted 2,300 miles across the United States in a northeasterly direction before being caught up in a storm that dropped heavy rain on upstate New York, as well as southern Vermont and parts of Massachusetts. Dr. Clark' and his students traveling by car began measuring the radioactivity levels on the ground, roof shingles and vegetation wherever they stopped in Albany, Saratoga Springs, and Schenectady, NY. Typical readings were 20 to one 100 times higher than normal. This has become known as the "Troy incident" and / or the "Albany-Troy incident". The explosion which took place on 4/25/1953 that caused this incident is known as the "Simon test" which took place at the Nevada Test Site, and tested the TX-17/24 thermonuclear weapon design which had a yield of 43 kilotons. It was part of "Operation Upshot-Knothole".

I agree to pay reasonable duplication fees for the processing of this request. Please contact me prior to accruing fees in excess of \$25.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees.

Please provide expedited review because delayed disclosure could threaten physical safety because my sister and I were small children (age 4 and 1) living in the Albany, NY area at the time of this incident, and I am concerned that some recurring and mysterious health issues may have a basis in this. I certify that these statements regarding expedited review are true and correct to the best of my knowledge and belief.

I look forward to your reply within 20 business days, as the statute requires.

Thank you for your assistance.

Sincerely,

Howard S. Axelrod

Freedom of Information Act (FOIA) Request

CDS Group International LLC is working in a litigation-support role for a Delaware law firm - this law firm in a defense role. The plaintiff in this matter reports that he was employed as a metallurgist at the following two facilities, during the approximate years noted:

American Car & Foundry (1961-1963)

Also known as: ACF Incorporated, as well as, South Albuquerque Works (SAW)

University of California, Los Alamos (1963-1966)

Also known as: Los Alamos National Laboratory, as well as, Los Alamos National Laboratory

I understand that both of these facilities are covered under Energy Employees Occupational Illness Compensation Act of 2000.

Due to the nature of the litigation, we seek the following from you under the Freedom of Information Act (FOIA), the requested information for each facility.

Any and all information pertaining to the placement of, survey of, and removal of any asbestos, to include (friable) asbestos shielding for pressure chambers, test areas, construction areas, etc., in either of these facilities. This information would consist of, but not be limited to:

1. The dates of installation,
2. The dates surveyed for removal,
3. The dates of removal,
4. The description of the asbestos removed.

FOIA-2008-000256

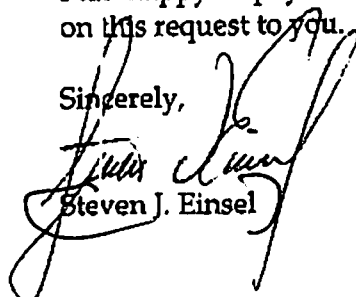

Chris

Additionally, I request any information held concerning any claims made under the Energy Employees Occupational Illness Compensation Act of 2000, *or similar programs*, for the effects of asbestos exposure at either of these facilities.

Please also advise me as to whom I can write to identify and retrieve information regarding an individuals reported access to and employment at these facilities during the 1960s.

I am happy to pay those costs associated with the duplication of documents, etc., based on this request to you.

Sincerely,

Steven J. Einsel

APR 21 2008 02
"COMMERCIAL" SEARCH REVIEW & REPRODUCTION

Please consider an informal request for the disclosure of the [2008 EIA
2008 Energy Conference Attendees List] in excel format.

Please provide me positive contact in the event this informal request is denied, so that I
might expedite a "signed" formal request

I would like the list (database) of attendees - to include, 1st name, 2nd name, title,
organization, address 1, address 2, city, state/prov, zip, country, phone, fax, & email.
This data was required of attendees for registration and was entered by registrants
themselves.

1. The requested record is not classified, and EIA is not seeking classification.
2. The requested record will not be deleted, but retained by the EIA in perpetuity.
3. The records do not fall under a privacy exemption as they are not similar to personnel or medical records. Each individuals conference registration became a public record at the moment of submission. The negligible personal interest against disclosure should be framed by the fact attendees publicly displayed similar information on their name tags to attendees and the press while being photographed and filmed as part of the conference.
4. Further, it is normal for a professional conference to distribute a list of attendees to conference attendees. Proactive disclosure in accordance with E013392 could have, and should have ameliorated this request.

Chri

FOIA-2008-000258

5. Finally, I am in the database.

I am an individual seeking information for personal use and not for commercial use. I will retain the file in my personal records. I am also affiliated with a private corporation and seeking information for the use in the company's business.

I request a request a waiver or reduction of fees.

1. The subject of the request concerns "the operations or activities of the government" because DOE/EIA paid for the conference with public resources. The file will speak to EIA's frequent customer base and substantiate their frequent constituency.

2. The disclosure is "likely to contribute" to an understanding of government operations or activities because DOE/EIA paid for the conference with public resources. The file will speak to EIA's frequent customer base and substantiate their frequent constituency.

3. There is currently no intent for public dissemination of the file, nor its analysis.

4. I have negligible commercial interest that would be furthered by the requested disclosure, and, if so it would only be to speak to EIA's frequent customer base and substantiate their frequent constituency. My and my corporation's interests are to learn about the EIA. The data may be informative as to EIA focus "customer" audience. While taxpayer should be their focus, inevitably frequent customers and primary constituencies may taint opportunities for interpretations.

Please expedite my request. Please note I have acknowledged no present intention for external dissemination. However, the file requested already exists. The costs of its transmission will present no additional capital costs outside normal operations. Delay would constitute de facto denial; and violate spirit and intent of the Freedom of Information Act (FOIA) and the Privacy Act (PA), 5 U.S.C. 552 and 5 U.S.C. 552a, respectively.

I hope this finds you well and look forward to hearing from you all soon.

Re: [Freedom of Information Act — Request for Documents Regarding EPA Proposed Rulemaking OAR-2005-0083]

To Whom It May Concern:

Environmental Protection Agency ("EPA") Rule 40 C.F.R. 197 was vacated and remanded in part by decision of the United States Court of Appeals for the District of Columbia Circuit in 2004. In 2005, EPA published a modified Proposed Rulemaking in response to that 2004 judicial decision (EPA Docket No. OAR-2005-0083). The period allowed for public comments on this proposed rulemaking expired November 21, 2005. As of the time of this FOIA request, EPA has not published the subject rulemaking in final form. Each of the following requests for documents from Nuclear Regulatory Commission ("NRC"), pursuant to the Freedom of Information Act ("FOIA"), 55 U.S.C. 552, seeks any responsive documents which address, discuss, or relate to, in whole or in part, either the content of EPA's pending proposed final rule (OAR-2005-0083) or the timing of its issuance in final form (the "relevant subject matter"). This request includes documents generated during the period from November 21, 2005, through the date of this FOIA request (the "relevant time period"). This request pertains to both NRC's Staff and NRC's Commissioners.

Please provide the following described documents¹:

1. All written communications (including emails) or any other documents sent by any employee or representative of NRC to any employee or representative of Department of Energy ("DOE"), EPA, Department of Justice ("DOJ"), or Office of Management and Budget ("OMB") or received by any employee or representative of NRC from any employee or representative of DOE, EPA, DOJ, or OMB during the relevant time period, pertaining in any way to the relevant subject matter.

FOIA-2008-000262

Handwritten signature

August 24, 2007

Page 2

2. All written communications or other documents sent by one employee or representative of NRC to another employee or representative of NRC during the relevant time period, pertaining in any way to the relevant subject matter.
3. All notes, memoranda, or other written memorialization by any employee or representative of NRC of any personal conversation, telephone conversation, or statement made by any attendee at any meeting (during the relevant time period, pertaining in any way to the relevant subject matter) by any employee or representative of NRC, DOE, EPA, DOJ, or OMB.
4. All agendas of meetings (whether in person or via telephone conference call) during which the relevant subject matter was discussed and in which one or more employees or representatives of NRC participated during the relevant time period.
5. All calendars and appointment calendars of any employee or representative of NRC reflecting the anticipated or planned or actual dates of meetings during the relevant time period at which the relevant subject matter was discussed or was anticipated to be a topic of discussion.
6. Please identify any documents which are responsive to this FOIA request, but which have been withheld by NRC based upon any claim of exemption or privilege or other reason, and articulate the reason for its withholding.

This request is made on behalf of the State of Nevada.

The requesting party is willing to pay up to a total amount of \$1,000 for search time and document copying costs without the necessity for further approval. The requesting party has specifically made this request as narrow as possible in order to facilitate expeditious and timely response by NRC.

Thank you for your prompt attention to this request. If you have any questions, please contact me at 210-820-2667.

Sincerely,

Charles J. Fitzpatrick

Re: Freedom of Information Act (FOIA) Request

Dear Mr. Bodman,

I would like to request your cooperation in access (as required by law under the Freedom of Information Act) to copies of information relating to estimates of the United States levels of CO₂ emissions since 2000, as well as copies of the most recent bioethanol fuel initiatives that have been ratified by the United States Congress. If possible, I request that the documents be provided in electronic format via CD-ROM or disk.

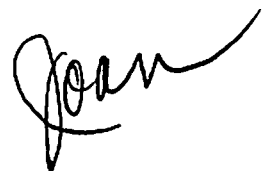

For the purposes of determining the applicability of any fees, you should know that I am an individual that intends to use this information for personal use, rather than commercial or political. Additionally, I would hope that you would consider my financial constraints as a college student, and be aware that I am willing to pay fees for this request up to a maximum of \$50. If you estimate that the fees will exceed this limit, please inform me first, and I will make adjustments accordingly.

I would also like to note that I have included my telephone number at which I can be contacted if there are any questions or clarifications necessary relating to my request.

Thank you very much for your assistance,

Sarah Simonton

RE: FREEDOM OF INFORMATION ACT REQUEST

Dear Mr. Pon:

I am writing on behalf of our client,
Office of Resource Management,
Office of Policy and International Affairs, U.S. Department of
Energy. The purpose of this letter is to gain access to certain
documents available to her under the Freedom of Information Act,
5 U.S.C. § 552 et seq. An appropriately signed designation and
authorization are attached.

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552
et seq. I request on behalf of [] that you provide a copy
of the following documents:

1. [All documents which pertain to the estab-
lishment or creation of the position of GS-
0343-14/14] Supervisory Management Ana-

Re: Freedom of Information Request

Dear Sir or Madam:

The purpose of this letter is to request information pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. section 552. If this information is not available from your agency, please forward this request to the appropriate agency or advise me of the other agencies which might have this information.

Please provide me with a copy of the following items:

any and all information regarding to the Department of Energy and the Z Machine

If any part or all of the materials are withheld under an FOIA exemption, please provide a list of the information withheld and mark any deleted sections. Please list the specific exemptions that form the basis for any deletion from a document or the complete withholding of a document.

I request that you furnish the information without any charge or at a reduced charge because the information will be used for a non-commercial scientific institution. Since I am requesting information for this purpose, any fee associated with the search for the requested information should be limited to the reasonable standard charges of duplication only. In any event, please provide me with an itemized statement of the applicable fees.

If search and copying fees are estimated to exceed \$15.00, please contact me before proceeding with this request. To further narrow my request, I would like the opportunity to review the documents retrieved or your document index in order to select the records to be copied. Please identify the location of the documents and/or the document index so that I or my authorized representative may review them. If an index is available, please provide the fee for such index, if a fee is applicable. If you can provide an index at no charge, please forward it to me at the above address.

I can be contacted by phone at
